“ Hi this Julio, I've known Esteban all my life, as a young baby they opened their home to me and I shared their love with my niece Maria a.k.a Chani, basically the 1st. father figure in my life, as an adult he has always shared kind and wise advise, I regret because of my own health issues that I wasn't able to have been around as much as I wish I could have been, but I am truly Believing ha is with our Lord in Paradise rejoicing and is now an official guarding angel over all of us. Greatest man I am proud to have the honor to have shared many memories with. I LOVE YOU AND I MISS YOU!!! See you in the kingdom soon!!! Thank You, Julio Pardes

“ *I drove a school bus with the kindest man ever! He always had a smile, and a funny story! What a stand up man he was! I loved him and will miss him. May Gods everlasting light shine upon him, may the angels surround his family with love. May he live in our hearts forever! My fave boyfriend at work, I send you off with love!*
