“ Just thought about Janice as I have not heard from her for some time and I am saddened to find that she passed away a few weeks ago. I have known Janice all my life, we lived downstairs to the Cribbs family in Till Street, Newcastle U.K. I have many memories of her from childhood and from her teenage years when she married Tony and then the birth of Michaela and Toni before you all left for the US. She sent me quite a few photographs which are in my memory album. Thinking of you all at this sad time. From an old UK friend Brenda. I would also like to include my Sister Audrey who also sends her condolences.

“ *Toni, Tom, & Michaela*

I was sad to read today about your Mom's passing.

She was always so nice and sweet to me. I remember her taking me up to the barn to see the horses and allowing me to swim in the pool. I loved her accent.

i still have the beer can she gave me.all those years ago. i think she told me her mother got it.She told me never to get rid of it. I didn't.

I know she will be deeply missed. I just wanted you to know that I was thinking about her..

“ *Michaela so very sorry to pickup the paper today & read your 'momma's obit today. I loved this friend . Have wondered about her several times during the past few years. I was always meaning to stop down at your company to check on her but shame on me , never did. Now i"m real sorry that I didn't. Thank God you ran this obit or I would never have known of her passing. I remember when we first met & it makes me chuckle. Her English accent was very hard for me to sometimes understand but I loved to hear her talk. I laugh at how she would always say the word "bloody". I would say , Janice is that a 'curse' word? Your dad bless his heart taught me things when I got my first computer. If i had a problem I would always call him. And my computer skills aren't much better , I might ad.But they would drop everything and rush over to help me. I remember your mom taking pictures of Holly & I when she first became interested in photography , I still have those pictures today.But they had to be taken in my neighbors yard cause she had a big rock & beautiful trees for the background. Your momma was always a true friend !*

I am very sorry to hear of her passing but she suffered alot with her stroke & all and she is pain free now so I am thankful for that. She loved you girls so very much & I know you both knew that. If I can do anything for you please let me know.

Ron also sends his condolences.
