“ I will never forget how kind and helpful Maureen was to me when I first became involved with hunt test training. She was never too busy to offer advice, congratulations, or a shoulder to cry on. She would even let me run her well-trained dog if I needed to practice. Maureen will be missed by many and always remembered with love and respect--George Anne

“ Stu, very sorry to hear that Maureen passed on. I will miss seeing her at hunt tests and talking to her about our dogs. She was a very kind person who always made time for others and made you feel welcome. You have my deepest condolences.
