“ He was such a kind hearted man! I absolutely loved his family with all of his being.. I witnessed first hand how much of a great father he was and what he would do to make danielle happy he truly adored her! His love for music and animals always amazed me. Coming over to visit we would hear him in the basement playing his guitar and we would dance to it! The world lost an amazing person and i will always cherish those memories i have of being around him!

“ Debbie and family, I am sorry for your loss. I was Mike's supervisor at Green-Tek. He was a great man, and everyone loved working along side him. I will always remember him as not only a hard working person, but a caring man that was always there with a kind word. I still remember when we had a raccoon that would get into the warehouse at night. Mike brought a trap, and took the raccoon out to the country to release it. That is the kind of guy he was. I so wish I could be there in person on the 6th to support you and say goodbye, but I will not be able to make it. My thoughts and prayers are with all of you! God bless!

“ Mike was a great guy and great cousin to have, many memories from the time the family lived on the river, swimming and swinging from a rope dropping into the river. Always enjoyed his visits when he would stop in and visit me and my mother (Aunt Polli) he was a sweet guy and always had a story to tell with a smile on his face. You will be missed.

Love ya
