“ I remember camping with Rimas and his family and the cub scouts in Pack 619 at Camp Indian Trails one summer a few years ago. Rimas really enjoyed sharing the outdoors with his family, camping and starting the campfire. He even showed the boys a trick to start the fire fast - charcoal lighter fluid! Rimas also enjoyed fishing and has passed on this love of the outdoors to Vito! We will miss you, Rimas.

“ Rimas was always interesting and entertaining. He was not a very good dog trainer but he sure was an animal lover. I have known Rimas, Gita for many years and watched their three youngest kids grow up. Training Rudie was the reason we all came together and friendship is the result. I was so very sorry to learn of Rimas' passing but his Light will live on through his beautiful children and all of the memories of him.

Rimas always was looking ahead. Each day was a new beginning and he loved you very much.

Gita & family, I will continue to pray for you and please know, Kate & I are here for you.

Sending love & prayers
