“ Steve would not remember me. He couldn't. I knew him in Regensburg. I worked with Clifford, his father, at the 26th Station Hospital. I was shocked to see his obituary because in my mind he is still 3 or 4 years old. His sister Carmen was perfectly bilingual, able to switch from one language to another mid-sentence. I last saw Steven and his family in 1964 or 65 in this country. Sad to learn that Steven, Clufford, and Ingrid have passed. R.I.P. Harry Trout

“ My favorite memory has to be his fishing story. Steve was out fishing and he looks up in an oak tree and finds lots of lures caught in a branch. Well he decides to get a rope, pull the branch down and get the lures. Steve didn't realize how strong that branch was and it flung him through the air and into the water. He became impaled with a branch in his chest and had to go to the hospital to have it removed!!!!!!!

I am so sorry to hear about Steve. I was with him at the creek when this happened to him. It really scared me. The shirt he was wearing actually went into the wound. We had to keep the wound open to heal. I have a lot of memories about Steve. I know that he loved his sons very much but his demons kept him from living a sober life. I was hoping that he would find peace. It seemed like he did. I will always remember Steve.

Hi Shirley this is Carmen Steve's sister. I am so very shocked and upset finding this post so many years later. If you have his wife's number or a way I could get in touch with her that would be very nice. I have not seen or heard from my brother in 30 years. I have tried through Facebook and other legal ways but nobody knew anything. I am on Facebook under my name. Carmen Lindsey. Thank you
