“ Todd and Cindy were a "special couple". I was shocked to hear about his passing. Not a day goes by that I don't think about them. You see, every room in my house was painted by them. They did excellent work. I had to do each room a bit at a time, but they were gracious and kind and worked with me. They had to remove wall paper in some rooms and others not - but all their work is excellent. Not only were they kind, but trustworthy and humble. Todd was rather quiet, but steady and strong. They truly were a couple that complimented each other and worked as a team. They both spoke with love and great pride about their children. They also loved their dog and even brought him once so I could meet and see "Milo". When Cindy was so sick, Todd would keep me informed with a phone call now and then. He also was kind to be a "mailman" and deliver notes and cards to Cindy from me. So kind and thoughtful. I miss them deeply. You are in my thoughts and prayers.

With love,

“ Chris and Lindsay: While shocked to learn about your dad's passing, we are so glad we had the chance to have a nice visit with him just a few weeks ago. We all commented about how good it was to see one another again after so much has happened these past years. Although we'd been together several times since we moved from Rockford, we couldn't believe it's been almost 40 years since we were next door neighbors. At that lunch Todd told us how proud he was of both of you, your personal and professional successes, and the people you have grown to become. Todd was such a great understated guy. We are fortunate to have had him and your mom as friends and to have known the two of you (even if from a distance) as you grew up. All our love to you, Karen & Ron Leibel
